

Environmental Policy Statement

Vintech Industries is committed to reducing its impact on the environment; We will strive to conduct our operations in a way that is protective of the environment. Our commitment extends to our employees, customers, staff, vendors and the community in which we operate. We will maintain an environmental management system that will serve as framework to our goals.

Our policy is to reduce the impact of the company's operations on the environment, through our Environmental management system. The goal(s) are to promote sustainability, protect animal welfare, biodiversity, deforestation, decarbonization and limit our land use by:

- Monitoring and reducing greenhouse gas emissions where possible
- Implement renewable energy where possible to increase energy efficiency
- Monitor air and noise quality and improve where needed
- Recycle and Reuse
- Practice responsible chemical management
- Track our offsite movement of waste
- Store and manage chemicals and waste to prevent impact on the environment
- Maintain interior and exterior inspections and correct any identified issues
- Manage excavation and importation of soil when / where applicable
- Monitor / Manage our water consumption

Vintech Industries will continually improve over time by striving to measure our environmental impacts and by setting goals to reduce these affects each year. We will continually seek opportunities to improve our adherence to the International Standard.
